

# MOUZ

Dear mouz,

**alexnichols:**

"I've been watching this team for what seems like forever even if it isn't in the grand scheme of things. Ropz, the controversial headshot FPL crackhead who stood up on stage and showed everyone he was legit and a force to stay. Frozen, Slovakia's crowning jewel of a star who really exemplifies that haircuts are just a social construct. Acor, the bunny hopping terminator who'd find a way to hit nutty shots while sipping tea. Bymas, the youngin who decided that spray transfers are really just another Tuesday afternoon. And last but not least Dexter, who got brought over by big man Mithr to leave his kid (ha) and strike it out big in Europe. Everyone has a storyline, and path and a vision and there is no better place to do so than at the major. I want nothing more than to see you guys to lift a trophy, and will support you through the cleanest of spray downs and the nastiest of whiffs. Goodluck guys, you got this!

Hit shots, delete bots, and worship ropz"

**fRENzY:**

"When mousesports announced the signing of karrigan and the original rebuild project began from the ground up, I saw players that I loved like ropz, woxic and frozen all under the leadership of two legendary players and instantly wanted to see this team win. It's more than 2 years later and two of those 5 players remain, but after every new signing, from Bymas, then acoR and finally dexter, I have learned about and come to love every player on the team. No matter what this organization does and which players they decide to believe in, it always works out and they shine at one point or another. Nobody can win every event, but that's the goal, at the end of the day. I love this team and every player on it, and know that no matter what position mouz finishes at in this major, that they gave it their all, and I know if everybody plays at their best, no team in the world can stop you. I'm hoping for the best and counting on the work that you guys have been doing will pay off. I have always believed in this team, whether its a win or a loss, every game I believe!

#VAMOUZ Bring home the biggest trophy this team has ever seen! Every fan believes in all 6 of you and will cheer for you in every game until it is won, or even if it is lost. Good luck guys!"

**Bruno:**

"Have been watching mousesports over the last 3 years, and I have enjoyed every single moment of it. Don't have much to say, but thanks for everything, everyone. GLHF and GO WIN"
